

Fairness. Honesty. Integrity.

These are the foundational principles by which we operate the home building company that bears our names. This is more than a business that builds houses, it is one that builds trust. This trust is nurtured through our straightforward and open communication with our Clients throughout the entire building process. And afterwards, you can rest assured your home is backed by a company that will be there for you now and long after closing.

Thank you for considering Sorrells & Gunn, LLC to build your family's home. We hope that you choose to become one of our Clients, and we look forward to your continued friendship for years to come.
